

## TIGRIS® MASTER KEY CYLINDER SYSTEMS

### TIGRIS® STANDARD

#### Non-Patent (Open Profile) Masterkey Cylinders

Tigris® Standard is an entry level range of cylinder locks, ideal for use in key systems that require keyholders to have free and unrestricted access to source keys locally. A large range of cylinder types, sizes and features is available. Tigris® Standard has been tested to the requirements of BSEN1303:2015. Accredited to the requirements of EN15804, an Environmental Product Declaration is available.
